Henry's Original Blanket

Henry's Voyage

This blanket was originally designed using Scheepjes Catona – 100% Cotton (4 ply/ Fingering weight) yarn with a 3mm hook. The completed blanket measures 45 in (114 cm) square. I used approximately 1450 grams or 3625 meters of yarn. Of course, you can use any yarn or weight that you would like.

The amount of yarn in each color that I used my two blankets is listed below.

The colors used in each round in each part will be published in that section as well but what follows is a full list of the colors used as well as the amounts that I used on each round. Please keep in mind that the amount that you will need will depend on your personal crochet tension. I tend to crochet fairly tightly, if you crochet more loosely you will need more.
