Special Stitches:

Ending Slip Stitch (ESS) – Remove the loop that is on your hook after the last stitch {left photo below}. Insert the hook, from the back, into both loops of the stitch from the round where you will be joining. Pull the loop through to the back. Cut the yarn leaving a tail for weaving in. Pull the tail through the loop {middle photo below}, and pull the tail to tighten the stitch a bit {right photo below} then weave in the ends. You can also watch the video instructions here.

Starting Slip Stitch (SSS) – Insert hook into the indicated stitch in the round where you will be joining {left photo below}. Leaving a tail, pull through a loop of your new working yarn {middle photo below}, ch 1, {right photo below}. Pull the tail to tighten the stitch a bit. I recommend weaving in the ends as you go, either by crocheting over the tail as you complete the round or by another means shortly after completion of round. You can also watch the video instructions here.

BEFORE YOU START:

1. Note that all single stitches in this pattern should be worked **BACK-LOOP ONLY** unless otherwise noted.
2. **For most rounds of the partial mandalas you will need these instructions and the original pattern. You should read through both the original pattern and these instructions for the round before starting.**
3. I recommend watching this video that will provide a tutorial on how to do the beginning and end joining.
4. Rounds 85-93 will be repeated on each of the sides of part 6 to create the four side mandalas.
5. Note that the joins will be rather visible at first. When all partial mandalas are completed we will be making a slip stitch round that will hide this and make it look much tidier.
